

Name: Siobhan Hunter

Age: 21

Club: Hibernian Ladies (4) and Scotland A Squad.

Position: Centre Back

I currently play for Hibernian Ladies, who I have been at for 10 years. This club has increased in popularity, respect and experience through-out the years and I am happy to be part of the club. I support hibs men's team which makes it even better to see the two clubs merging together.

I am part of the National Performance Centre at Heriot Watt University, this enables me to complete my dream of being a professional footballer by training ten times a week including two gym sessions. This allows me to training mornings and night whilst completing a degree in between at Napier University. I train Tuesday, Thursday and Friday evenings with Hibernian Ladies. Out with Hibernian Ladies I train Monday morning and evening, Tuesday morning, Wednesday afternoon, Thursday morning and Friday morning.

I have 2 full international caps with the Women's first team squad and still trying to break through into the squad of 20.
